Save Water – Community updates

Our community is currently fully dependent on Cauvery water and we are not purchasing any water tankers.
With peak summer approaching, it is important that we all use water carefully and responsibly.

We request all residents to support the **Save Water** initiative by avoiding unnecessary water usage and adopting simple conservation habits at home :

- ✓ Turn off taps properly and prevent leaks
- ✓ Use water efficiently while cleaning cloths, utensils, balconies etc.
- ✓ Run washing machines only with full loads.
- ✓ Encourage family members and children to conserve water

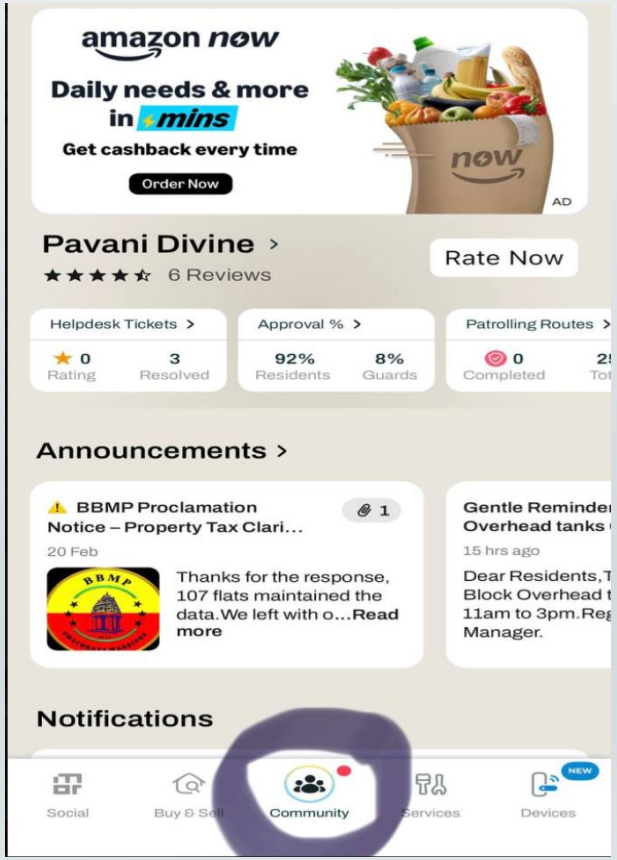
How to Check Community Notices in MyGate

- Open the **MyGate** app.
- Tap the **Community** button at the bottom center of the screen.
- Go to the **Notices** section.
- You can view all notices shared by the management committee or admin.



Communication Channels & Documents link

📪 Communication Channels

- MyGate (Primary Operational Channel) – For all concerns
- 2 Idea & Requirement Submission
- 3 Clarification Form
- We insist on MyGate because the Facility Manager first handles issues there. If unresolved, it escalates to the Managing Committee. Resident group issues have no tracking mechanism.
